611430

- Business Operations and Admin Support
- Organizational Change Management
- Critical Decision and Package Development
- Project Management
- Project Controls
- Risk Management

**Management Solutions POC:** Misty Mayes | 865.963.0400 | [mmayes@managementsolutionsllc.com](mailto:mmayes@managementsolutionsllc.com)

# About Our Team

The GEM-led CTA provides high-quality, low-risk technical, engineering, and programmatic services across the DOE and NNSA complexes. Our team was intentionally built to be small, agile, and able to quickly respond to DOE/NNSA needs in a collaborative and efficient manner. This flexibility, combined with our broad range of capabilities and decades of relevant experience, provides confidence to the Government that our team will successfully meet milestones regardless of the complexity or volume of the need.

Our team averages 17 years of experience supporting federal missions relevant to the TEP III BPA scope areas. With experience supporting nearly 50 DOE/NNSA sites, including 5 TEPS-related facilities, our team offers a deep familiarity of DOE sites, processes, and requirements. Our wide span of office locations in 45 states enables quick responsiveness and mobilization at the task order level.

The GEM-led CTA provides low risk due to our proven experience of working together to support federal missions. Our team members have trusted working relationships with DOE/NNSA, their prime contractors, and other agencies while performing numerous contracts together in various capacities, including TEPS II. Our collaborative foundation ensures DOE and NNSA receives efficient and high-quality performance on every task.

Our CTA team covers all Small Business Administration socioeconomic categories, ensuring that DOE/NNSA offices readily meet their small business utilization goals.

## BPA Service Offerings

- Program Management Support
- Nuclear Engineering Subject Matter Expertise and Analytical Support
- Training Support
- Security Management Support
- Emergency Operations (Domestic/International) Support
- Nuclear Nonproliferation Support
- Environmental Management and Sustainability
- Research and Development

## CTA Subcontractors

### AECOM

**AECOM Technical Services, Inc.** is an internationally renowned multi-disciplinary program management, security, environmental and engineering services provider to DOE and other federal/commercial entities with expertise and experience working with DOE headquarters, the National Labs, EM sites, and NNSA.

**Navarro Research & Engineering, Inc.** is a WOSB with nearly 30 years of experience providing environmental, nuclear, facility, national security, and technical support services to the DOE, NNSA, and other federal agencies. Navarro is ranked as a Top Environmental Firm by Engineering News-Record and is an incumbent CTA Lead on the TEPS I and II contracts.

### Michael Baker

INTERNATIONAL

**Michael Baker International, Inc.**, a leading provider of engineering and consulting services, including design, planning, architectural, environmental, construction and program management, has been solving some of the world's most complex infrastructure challenges for more than 80 years with a legacy of expertise, experience, innovation, and integrity.
